

# Benefits of Having a MyMUSE Library Account

Project MUSE

Creating a personalized account on Project MUSE is free of charge to any MUSE user. Your institution does not need to be a subscriber/purchaser of MUSE content to create a MyMUSE account. You can use the many features of MUSE discovery (Search and Browse) for free, however full-text will be blocked for those who don't have institutional authentication for paid content.

From your logged-in account:

#### SAVE to your personal library:

- Journal articles, issues, and titles
- Book chapters and books
- Your searches on MUSE

#### SEARCH:

- Within items saved to your MUSE Library (from Search page)

#### VIEW:

- Searches performed (when logged in)
- Content viewed while logged in

#### CREATE:

- Citations for items saved
- Alerts for favorite journals, publishers, and subjects on MUSE
- Alerts for when new content launches on MUSE

#### CUSTOMIZE your library for:

- Accessibility settings
- Sort and View in your library

## Create Your Account

To create your personal MyMUSE account, sign up here:

<https://muse.jhu.edu/account/>

Note: Project MUSE is committed to protecting the privacy of its customers. An email address is not required to set up a personal MyMUSE account, although accounts without a valid email address may be limited with regards to customer support and troubleshooting. You can view our Privacy Policy at [muse.jhu.edu/privacy\\_policy](https://muse.jhu.edu/privacy_policy) for more information. Personal accounts may be deactivated after one year of inactivity.
